## MOSCATEL SECO 2021 SINGLE-PLOT WINE

Our single-plot wines aim to achieve an even more intense and authentic expression of the terroir through varieties that benefit from the unique characteristics of specific small plots within the estate. This exceptional dry Moscatel is derived from one of these small parcels, encompassing 0.4 hectares of siliceous gravel on clay and limestone, situated in a river terrace strip that runs through the Tinedo Estate.

Only 1,300 bottles of this uniquely characterful wine have been produced.

The fresh and floral expression contributed by this small parcel is vividly conveyed in the wine, harmonizing with the richness and elegance enhanced by aging on its lees and the exceptional features of the concrete bins in which it is crafted.

### TASTING NOTES

**Appearance:** Bright yellow colour.

**Nose:** A fresh wine where the subtle varietal notes of Moscatel are accompanied by citrus aromas and white flowers.

**Palate:** It stands out with a fresh entry on the palate that gradually evolves into a smooth sensation derived from its aging on lees. Persistence and body go hand in hand with fresh sensations of a very lively wine.

### VARIETY

100% Moscatel de Grano Menudo (Muscat Blanc à Petits Grains).

### HARVEST

Manual harvesting. On September 5th, 2021.

### PRODUCTION AND AGING

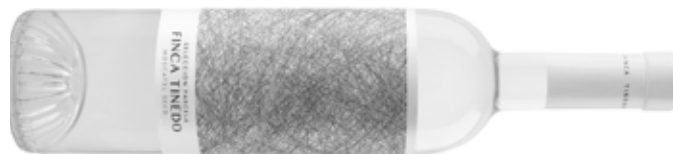

**Fermentation Conditions:** Fermentation took place in a temperature-controlled ovoid concrete tank, reaching a maximum of 24°C.

### Fermentation time:

The fermentation took place spontaneously and lasted for 9 days, during which the lees were constantly stirred by a spontaneous internal flow. **Aging:** After alcoholic fermentation, the wine underwent a 7-month aging period in the same concrete tank along with its finest lees in constant movement.

### Alcohol Content:

13% by vol.
